JAVA-EE-STD 7.1 and JAVA-EE-ADV 7.1

Third-Party Software Product Certification

based on the

SAP NetWeaver Composition Environment (CE) 7.1

<u>Obtaining an SAP NetWeaver Developer License</u>

SAP Integration & Certification Center, Bernhard Weiss (icc@sap.com)   March 2009   Version 2.0

Short Introduction

Please read the information below related to SAP NetWeaver Developer licensing. Kindly get in touch with SAP ICC (icc@sap.com) to find out more about SAP software licensing options available to you.

Bernhard Weiss
joined SAP in August 1989.
He currently works for the
Integration and Certification Center
at SAP in Walldorf, Germany

What benefits do I get with the license? Where can I obtain an SAP NetWeaver Developer License?

As of SAP NetWeaver CE 7.1, at least one SAP NetWeaver development license will be mandatory in order to go through the certification process. We will check if you have a valid SAP license before you begin with your integration work.

Having the proper SAP supported development environment installed before, during, and after successful certification enables you to support your product running on the SAP NetWeaver CE 7.1 platform and also entitles you to have access to SAP support.

SAP Support can be used to resolve technical issues encountered within SAP software or to obtain newer SAP support package stacks as they become available. For example, when you purchase a SAP NetWeaver development license, you will:

1) Have access to the SAP support portal on the <u>SAP Service Marketplace</u>. For example, in the SAP Support Portal, SAP customers can obtain their software via download, and also have access to other important information related to SAP software.

Obtaining a SAP NetWeaver License.DOC
JAVA-EE-STD 7.1 and JAVA-EE-ADV 7.1 certification based on the SAP NetWeaver CE 7.1 EE 5 Java Application Server
SAP Integration & Certification Center, Bernhard Weiss (icc@sap.com)

2) Request a development name space for your Java development.

3) Have access to valuable information regarding SAP SLD (SAP System Landscape Directory).

4) Have access to SAP supported software covered under your license agreement.

5) Have access to SAP support packages as they become available.

6) Have access to SAP notes (they help you to analyze and solve technical problems).

7) Have the capability to open up a trouble ticket and submit it to SAP support in order to resolve SAP errors.

8) Have access to information regarding the SAP Service- and Support Infrastructure.

Kindly get in touch with SAP ICC (icc@sap.com) to find out more about SAP software licensing options available to you.

Bernhard Weiss joined SAP during August 1989.
He currently works for the Integration and Certification Center at SAP in Walldorf, Germany

Prior to joining SAP, he worked as a financial analyst and controller and in management information systems for 3 years with a US multinational and UK based corporation. After joining SAP in 1989, he worked 4 1/4 years as a support engineer in R/2 hotline - SAP QSA, in the area R/2 RF. Subsequently, before joining the department ICC, he worked 9 years as a system administrator within SAP IT, in the areas of OS/2, Windows, Linux, Lotus Notes/Domino, training and internal production systems, VMware, 7x24 support, networking, hardware, monitoring. Bernhard's current focus within ICC are SAP NetWeaver integration technologies, for example, J2EE and CCMS, lowering TCO, outsourcing, server and system consolidation of ICC test systems utilizing VMware. In addition to his SAP expertise, Bernhard holds/obtained an MBA (Master of International Business Administration from Thunderbird, The American Graduate School of International Management), BA (Bachelor of Science in Business Administration from Bowling Green State University), and Arts (Associate of Arts from Cuyahoga Community College). Bernhard lived 16 years in the United States and is bilingual in English and German.
