

## **Vantage Report**

### **Upgrade Note**

Date: 11/02/2006

## 1 Introduction

This is guide to help you upgrade your Vantage Report (VRPT) from the old version to the latest version. If your current VRPT is 2.3.1, please reference Section 2 to upgrade from 2.3.1 to 3.0. If your VRPT is 2.3.0, please reference Section 3 to upgrade from 2.3.0 to 2.3.1 first, and then reference Section 2 to upgrade from 2.3.1 to 3.0.

## 2 Upgrade from v2.3.1 to v3.0

If you currently use VRPT 2.3.1 (2.3.05.61.01), this section describes how to upgrade from 2.3.1 to 3.0 (3.0.00.61.00). To check the detailed version, please go to System > About.

If you currently use VRPT 2.3.0 (2.3.05.61.00), please get VRPT 2.3.1 installation package to upgrade your VRPT to 2.3.1 first.

### 2.1 Backup

The upgrade package doesn't backup the data in database. You have two options to backup the data in your VRPT.

#### Option One:

If you want to insure all data in your VRPT, please backup the content in <vrpt\_home> folder. Once the upgrade fails, you can restore your VRPT through overwriting.

If the data is mass in your VRPT, this will cost much time.

Once the upgrade fails, you can restore your VRPT 2.3.1 completely.

#### Option Two:

If you don't want to cost a lot of time to backup all data in your VRPT, you can finish the following steps to only backup the configuration and the device list.

1. Start your VRPT
2. Login in your VRPT.
3. After login, go to System > Data Maintenance > Configuration Backup & Restore page, click **Backup** button to backup the configuration.
4. Go to System > Data Maintenance > Device List Import & Export page, click **Export** button to export the device list.

Once the upgrade fails, you only can restore the configuration and device list.

### 2.2 Upgrade Procedures

1. Shutdown your VRPT 2.3.1 first.
2. Get Vantage Report 3.0 installation package.
3. Run the installation program. If VRPT 2.3.1 has been installed in your system, VRPT 3.0 installer will detect it and show Figure 2-1.

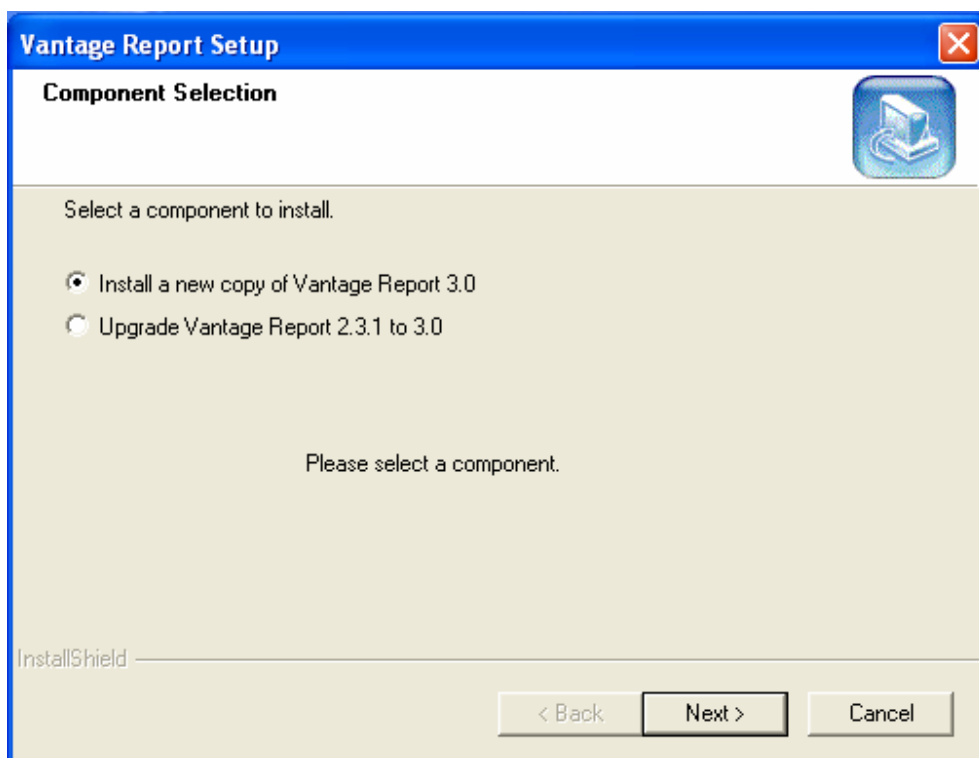

Figure 2-1

4. Please select [Upgrade Vantage Report 2.3.1 to 3.0] and click Next button if you want to upgrade your Vantage Report 2.3.1 to 3.0. Figure 2-2 will be shown.

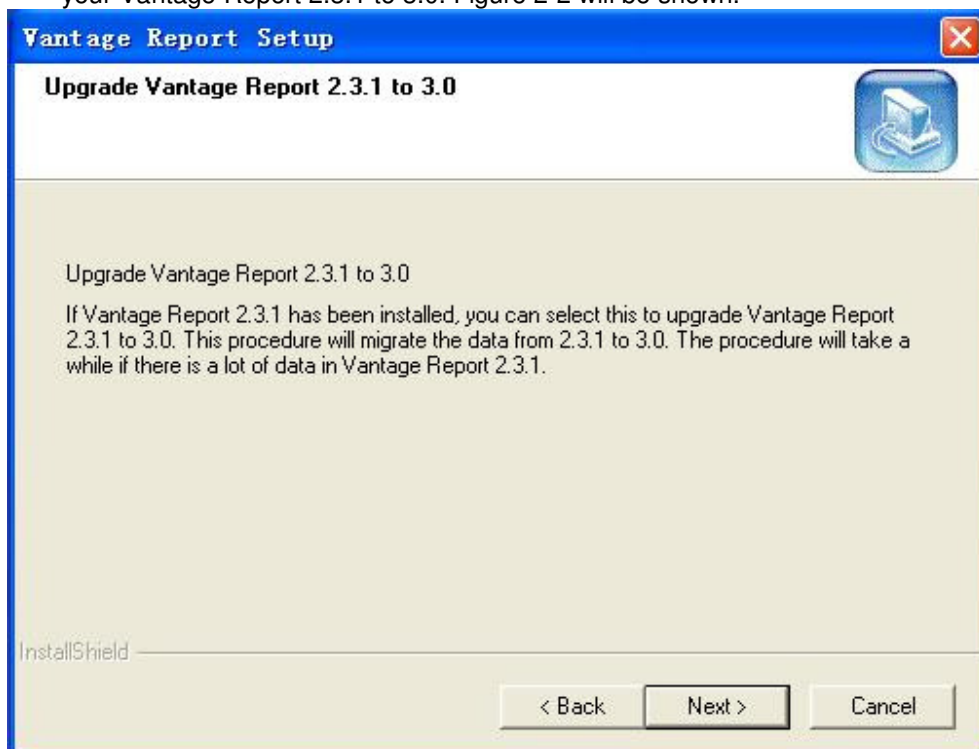

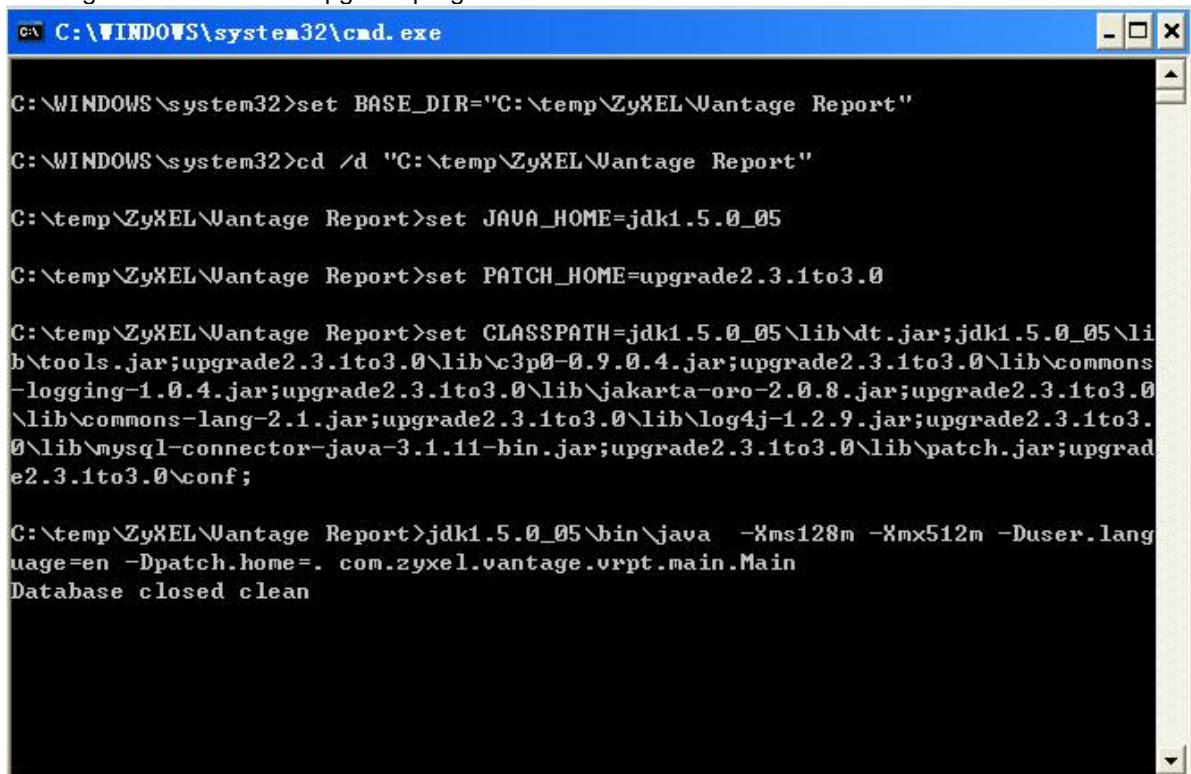

Figure 2-2

5. Please click Next button in Figure 2-2. The installer will copy files to disk and start to upgrade. Figure 2-3 shows the upgrade program.

```
C:\WINDOWS\system32>set BASE_DIR="C:\temp\ZyXEL\Vantage Report"

C:\WINDOWS\system32>cd /d "C:\temp\ZyXEL\Vantage Report"

C:\temp\ZyXEL\Vantage Report>set JAVA_HOME=jdk1.5.0_05

C:\temp\ZyXEL\Vantage Report>set PATCH_HOME=upgrade2.3.1to3.0

C:\temp\ZyXEL\Vantage Report>set CLASSPATH=jdk1.5.0_05\lib\dt.jar;jdk1.5.0_05\lib\tools.jar;upgrade2.3.1to3.0\lib\c3p0-0.9.0.4.jar;upgrade2.3.1to3.0\lib\commons-logging-1.0.4.jar;upgrade2.3.1to3.0\lib\jakarta-oro-2.0.8.jar;upgrade2.3.1to3.0\lib\commons-lang-2.1.jar;upgrade2.3.1to3.0\lib\log4j-1.2.9.jar;upgrade2.3.1to3.0\lib\mysql-connector-java-3.1.11-bin.jar;upgrade2.3.1to3.0\lib\patch.jar;upgrade2.3.1to3.0\conf;

Database closed clean
```

Figure 2-3

6. After finishing upgrade, the successful dialog as Figure 2-4 will be shown.

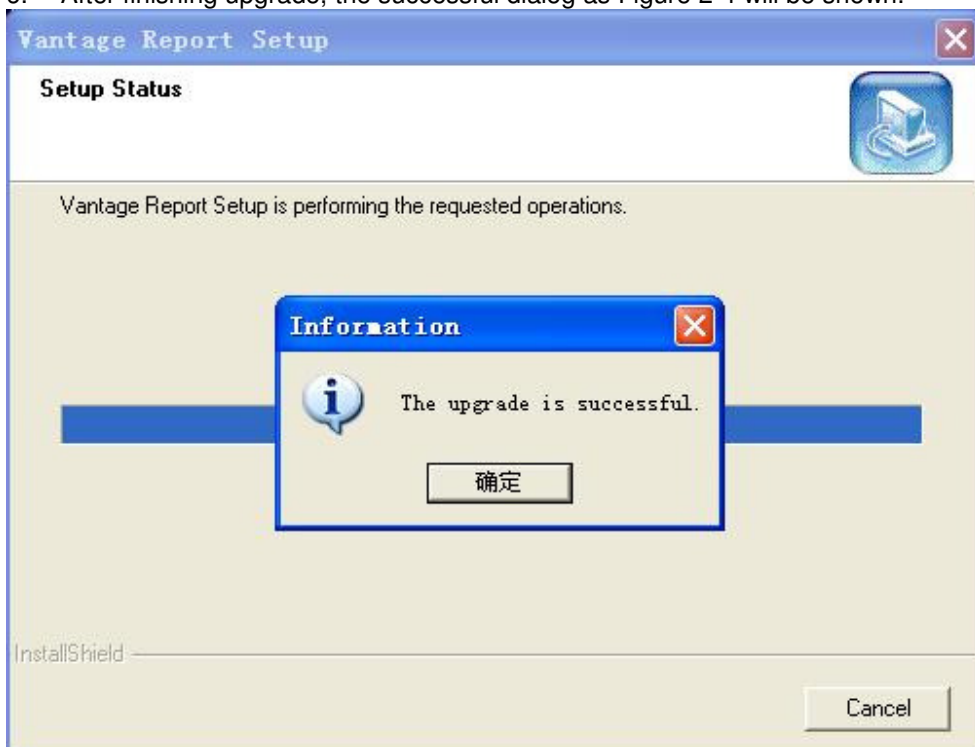

Figure 2-4

7. Click OK button in pop-up window. Figure 2-5 is shown.

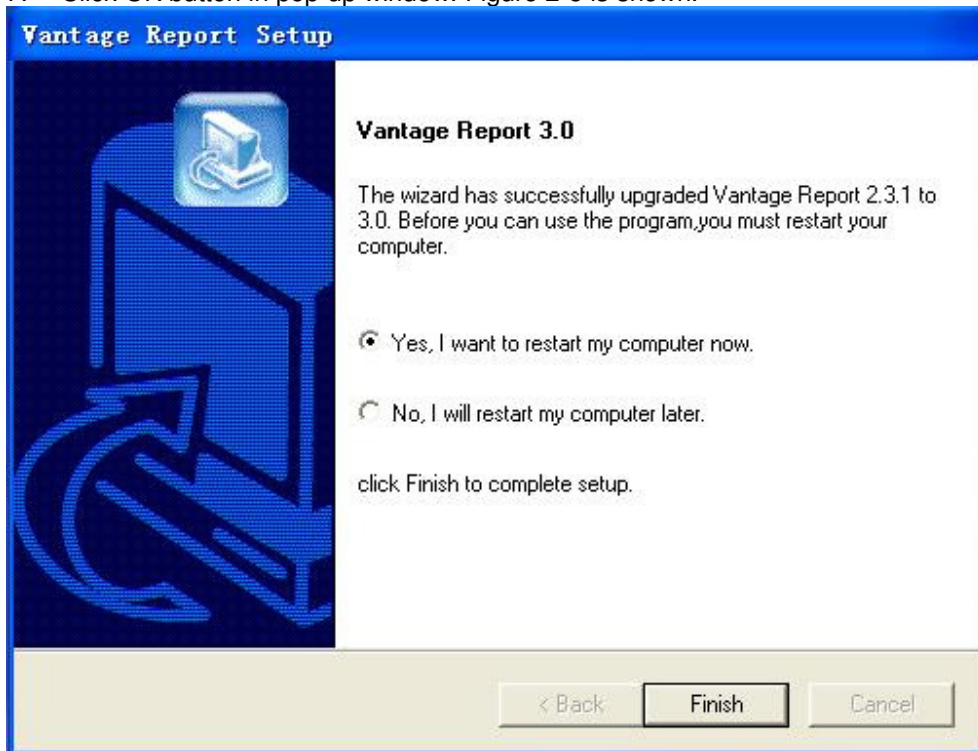

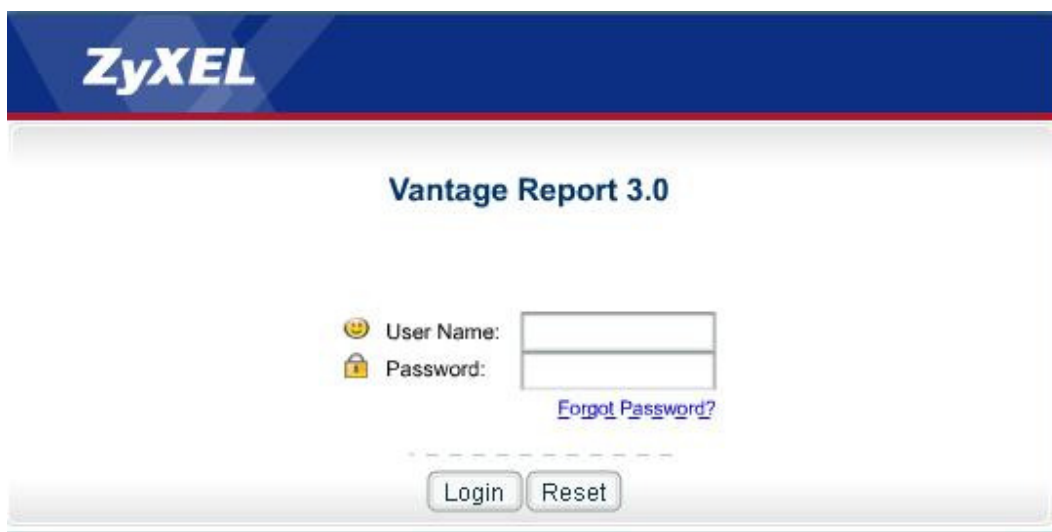

Figure 2-5

8. Click Finish button to finish this installation.
9. Restart Windows. Now, Vantage Report 3.0 is running. Please access <http://<vrpt host>:<port>/> to open VRPT 3.0 login page. If Figure 6 is shown, then you should clear the cached files in browser. Please reference Appendix B in Release Note to get the operations.

Figure 2-6

After clearing the cached files, please refresh the browser. If Figure 2-7 appears, then upgrade is done successfully.

The image shows the login interface for Vantage Report 3.0. At the top, there is a blue header with the ZyXEL logo. Below the header, the title "Vantage Report 3.0" is centered. The login form consists of two input fields: "User Name:" with a smiley face icon and "Password:" with a lock icon. To the right of the password field is a link that says "Forgot Password?". Below the input fields are two buttons: "Login" and "Reset".

### 3 Upgrade from v2.3.0 to v2.3.1

If you currently use VRPT 2.3 (2.3.05.61.00), this section describes how to upgrade from 2.3 to 2.3.1 (2.3.00.61.01). To check the detailed version, please go to System > About.

#### 3.1 Procedures

1. Get Vantage Report 2.3.1 installation package.
2. Run the installation program. If VRPT 2.3 has been installed in your system, VRPT 2.3.1 installer will detect it and show Figure 3-1.

Figure 3-1

3. Please select [Upgrade Vantage Report 2.3 to 2.3.1] and click Next button if you want to upgrade your Vantage Report from 2.3 to 2.3.1. Figure 3-2 will be shown.

Figure 3-2

- Please click Next button in Figure 3-2. The installer will copy files to disk and calculate the estimated time by this upgrade process. This time is decided by the log number in your VRPT 2.3. After the previous two steps are finished, the Figure 3-3 is shown.

Figure 3-3

- Click Next in Figure 3-3, Figure 3-4 is shown. VRPT 2.3.1 installer will backup VRPT 2.3 and migrate the data from VRPT 2.3 to VRPT2.3.1. If upgrade is failed, the installer will restore VRPT 2.3. If the upgrade is successful, the backup will be deleted.

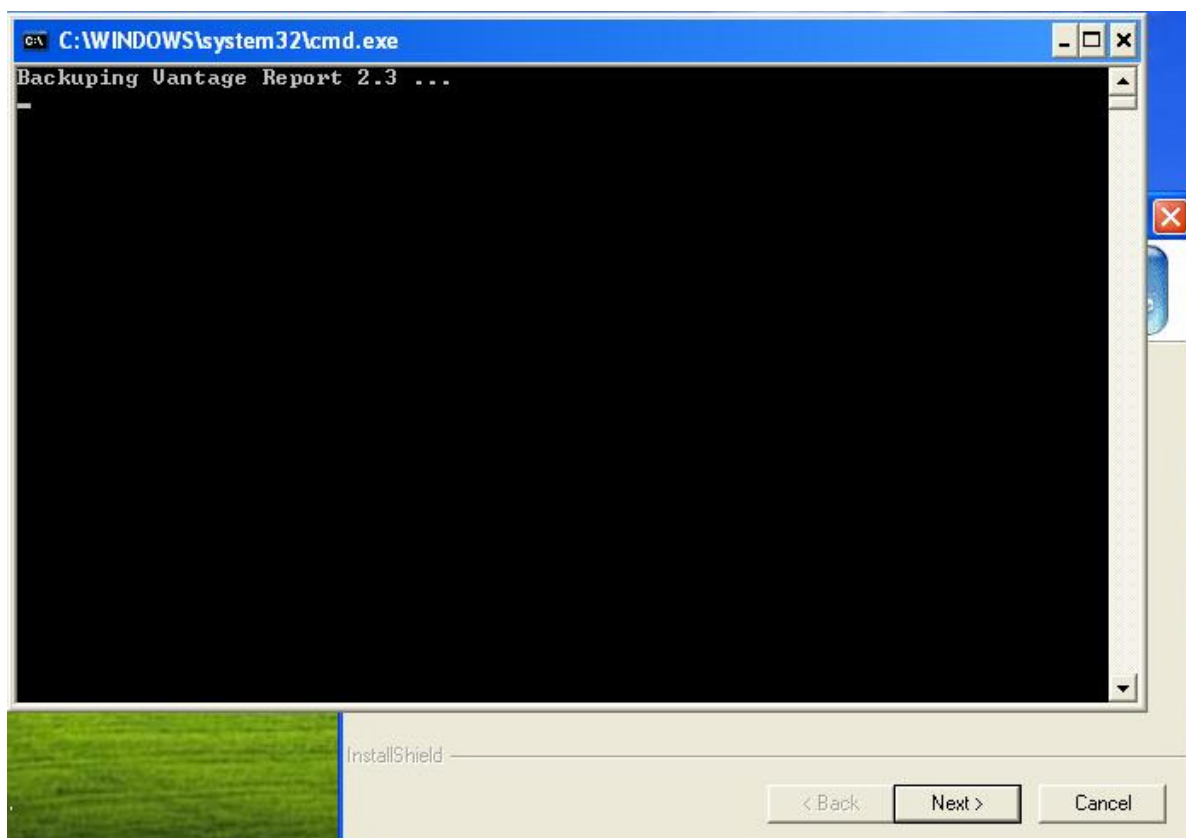

Figure 3-4

6. After data migration is finished successfully, Figure 3-5 is shown.

Figure 3-5

- Click OK button in pop-up window. Figure 3-6 is shown.

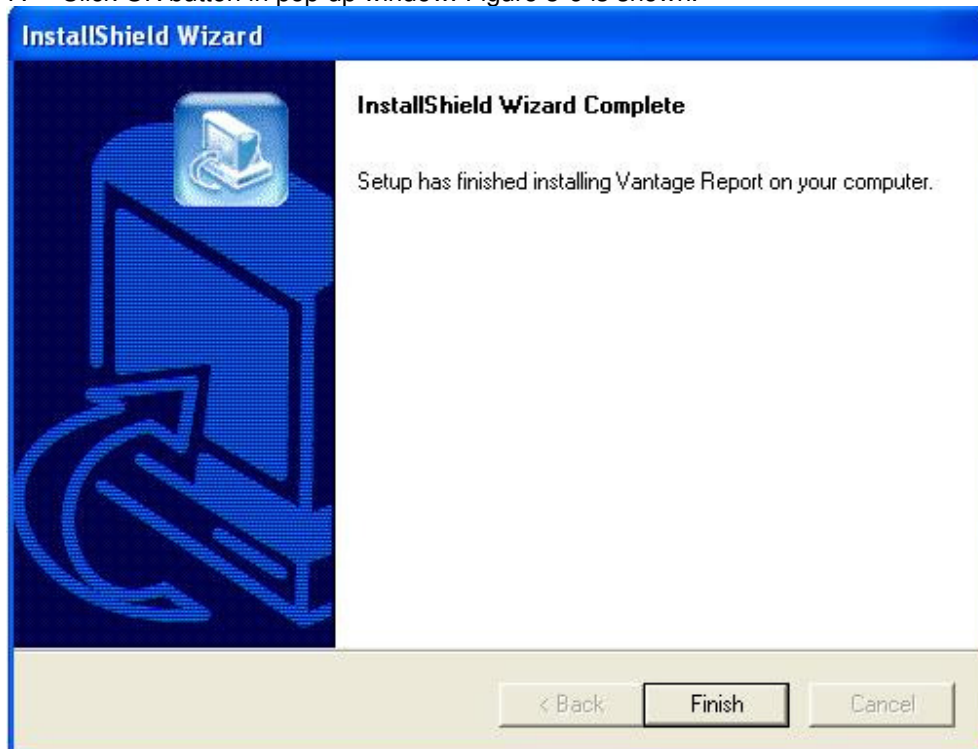

Figure 3-6

- Click Finish button to finish this installation.
- Start up Vantage Report from Windows start menu. Now, Vantage Report 2.3.1 is running. Please access <http://<vrpt host>:<port>/> to open VRPT 2.3.1 login page. If Figure 3-7 is shown, then you should clear the cached files in browser. Please reference Appendix B in Release Note to get the operations.

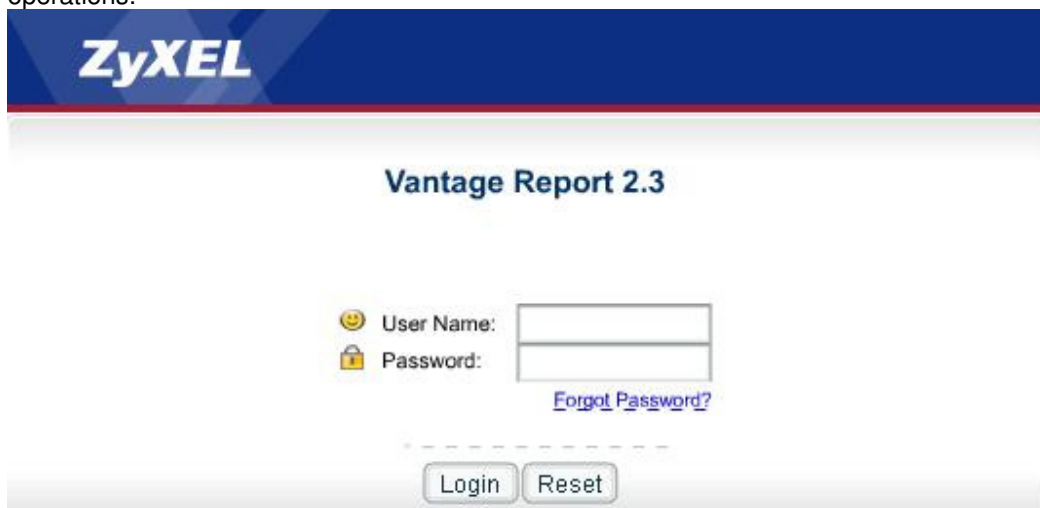

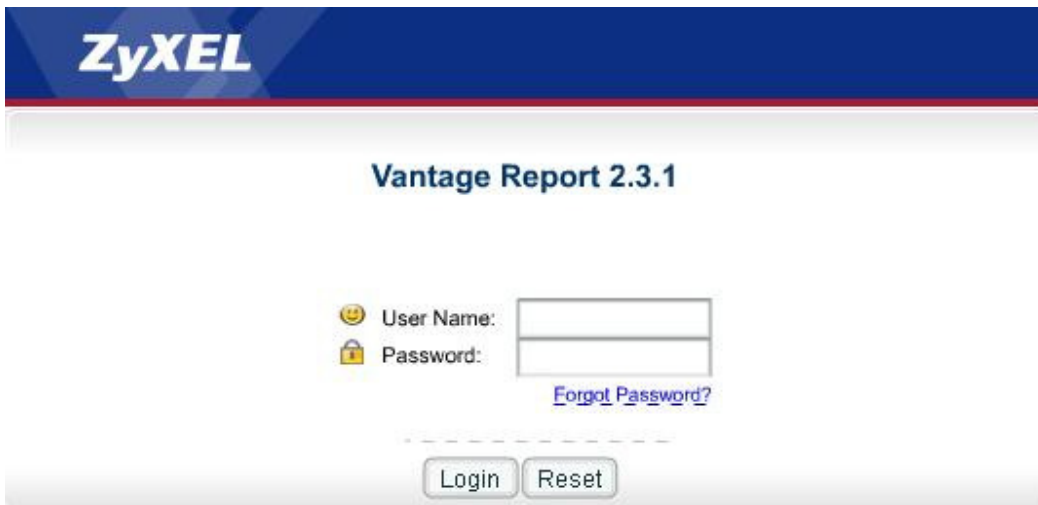

Figure 3-7

After clearing the cached files, please refresh the browser. If Figure 3-8 appears, then upgrade is done successfully.

The image shows the login page for ZyXEL Vantage Report 2.3.1. At the top, there is a blue header bar with the ZyXEL logo. Below the header, the title "Vantage Report 2.3.1" is centered. The login form consists of two input fields: "User Name:" and "Password:". The "User Name:" field is preceded by a yellow smiley face icon, and the "Password:" field is preceded by a yellow padlock icon. To the right of the "Password:" field, there is a blue link that says "Forgot Password?". Below the input fields, there are two buttons: "Login" and "Reset".
