

omni.net USB Plus

ZyXEL USB TA for Instant Internet Access via ISDN
Combining Data/Fax/Voice Features in One

Key Features

Plug & Play Installation

A Plug & Play design and an user-friendly configuration tool means hassle-free Internet access. The user will be able to take advantage of all of the advanced features of the ZyXEL's omni.net USB Plus in just seconds.

USB Guarantees High Speed Performance

The USB interface allows data rates of up to 12Mbps from your TA to any USB-compatible computer.

The Ideal Solution for Internet and Multimedia Applications

The omni.net USB Plus provides full 128Kbps bandwidth optimization for Internet and Intranet access, web surfing, videoconferencing, data transferring and telecommuting.

Rich Functions with ISDN Supplementary Services

The built-in analog port supports extensive supplementary services provided by local ISDN providers.

G3 Fax Support by Bundled Software

Bundled software provides everything you need to set up your message center, including voice mail and fax software.
